WEEKLY REPUBLICAN—1867.
DAILY PUBLIC LEDGER—1890.

THE REAL PURPOSE.

Soon there'll be spellbinding.
Windjamming and all that.
And most of us won't hardly know
Exactly where we're at.
They'll speak from California
Clear across to Delaware:
They'll speak of almost everything
And almost everywhere.
But the main thing in the meantime,
I'd like for you to note,
Will be to say smooth sayings just
To catch the wily vote.
—New Orleans Times-Democrat.

Tuesday evening the L. and N. yard engine
in shifting a car alongside of the North entrance
of the freight depot sent it with such
force that the impact with the bumper lifted it
off its trucks and wrecked the car.

Miss Eva Fowler is seriously ill at the home
of her sister, Mrs. William A. Telle, in East
Second street. This Christian woman has been
an invalid for the past thirty-four years and for
the past ten years has been bedridden and during
all these years has borne her affliction
with sublime grace and Christian fortitude.

Lawyer A. D. Cole won a hard fought case in
the Circuit Court at Vanceburg last week. The
cause was that of the Wilson Administrators v.
C. and O. Railway Company for the killing in an
accident of Mrs. Wilson some five years ago. The
case has been in the Federal Court and from
there transferred back to the State Courts, then
to the Court of Appeals, where it was re-
versed and sent back and tried in the Lewis
Circuit Court, Judge Kinner presiding, where a
judgment for \$3,826 was given.

A year or so ago when "My Wife's Family"
was presented at the Washington Theater, the
house was only fair and not what the company
deserved. The general sentiment of the audience
was that it was one of the best things
that had been seen here and was highly satisfactory
in every way. Many times have the
management been asked the question "why don't
you get 'My Wife's Family' back again? It will
draw a big house." Now the management have
done their part in securing the attraction for
Wednesday, October 10th, and can guarantee
the company to be a good one and containing
several members of the original cast. Do your
part and tell your friends and see if you can't
give "My Wife's Family" the biggest house of
the season.

In the Circuit Court yesterday, in the suit of
Jefferson Watson's Administrators v. N. and D.
Watson upon a note for \$898.90, executed by I.
N. Watson July 4th, 1892, the Jury decided in
favor of H. D. Watson. I. N. Watson interposed
no defense.

This suit was begun March 31st, 1890, and
this was the fourth trial of the case. In the
first three trials the Jury were unable to agree.
It has been fought hard on both sides from start
to finish. Worthington & Cochran for plaintiff;

UNUSUAL SERMON

Dr. J. W. Porter at First Baptist
Church Last Evening.

Although the hour was an unusual one—
8:15—Rev. J. W. Porter was greeted with a
good-sized audience last evening, and that it
was in full accord with the speaker in what he
said and felt was manifest in the deep concern
with which it followed his remarks throughout.

Always an entertaining and instructive pulpit
orator, last evening he gave evidence of having
advanced further along that line by giving ex-
pression to beautiful word painting in a manner
most delightful and pleasing to his audience.

At the close of the service almost all present
went forward and gave the popular Minister a
hearty handshake and a cordial greeting.

No deaths from diphtheria since Saturday and all cases are reported improving. The strictest quarantine is still in vogue, as there are many families who have so far escaped the malady.

Mrs. Robert Hook became alarmed, fearing her grandson, Charles, might become infected with diphtheria, so she fled away to Covington with him. Word came yesterday, calling her son, Mr. D. W. Hook, that the child was seriously ill at the home of a relative there.

REMOVED PARASITES

Cooper's Preparation Brings a New Disease to Light

St. Louis, October 3d, 1906. Probably the most unusual feature of the excitement that has been created by L. T. Cooper's visit to this city is the removal of parasites or tapeworms by his preparations.

During the early part of Cooper's stay in St. Louis individuals who were taking his "New Discovery," as it is called, brought either to himself or to physicians throughout the city immense parasites that had left the system after using the medicine.

Many of these people were frightened, and cases of this sort became so numerous that Cooper finally made the following statement for publication:

He said: "In every city I visit these things are brought to me within a few days after my medicine is sold in the city. They are what is known as the tape-worm, and grow to enormous size.

"Few indeed realize how prevalent these creatures are. I think I have been the first to demonstrate what a large factor they are in the poor health of this generation. I believe that fully one-half the chronic stomach trouble that is so universal is caused by these parasites.

"Individuals may have them for years and not be aware of the reason for continued ill-health, but attribute it to many different diseases, when in reality one of these creatures is robbing them of their vitality.

"These parasites are taken into the system in uncooked food or rare meat, in the form of an egg which hatches almost immediately. People suffering from them experience a feeling of lassitude and are extremely nervous. The action of the "New Discovery" seems to be fatal to these great worms and in most cases a few doses of the medicine drives the creatures from the system. I will have hundreds of them brought to me before I leave the city."

This grievous prophecy has been amply verified, for not only hundreds but thousands of St. Louis people have been relieved of one of these fearful parasites since taking Cooper's preparations, and the entire city has been aroused by the fact.

Some of these parasites are of such enormous size as to startle the imagination. The statement of Father John Baptist Arnolus, one of the best known and best beloved Priests in this section of the country verifies this. His statement, among others given to a reporter, was as follows:

"For years I suffered from what I thought was a general run down condition of the system caused by stomach trouble. I felt extremely tired all the time, and it was a great effort to attend to my duties. I would wake up in the morning feeling as worn-out as when I went to bed. If I stood for any length of time I would have a pain in the lower part of my back, and would have to sit down.

"I was very nervous and depressed in spirits, and was troubled with dizzy spells. I would see spots before my eyes when I stooped over and raised up quickly. I had a very irregular appetite, and would have palpitation of the heart after ascending the stairs.

"The talk about Mr. Cooper's preparations was so universal that I decided to try some, although I do not take patent medicines as a rule. I took four doses of the "New Discovery" as it is called, and a tape-worm about ninety feet in length left my system.

"I am very thankful for this great relief, and I now know what has been the cause of all my sufferings."

This story of Father Arnolus is a fair example of the experience of an astonishing number of St. Louis people, and Cooper's preparations are selling here in immense quantities. It is now estimated that he has sold one hundred thousand bottles to date in this city alone, and the sale is still increasing.
